ACTION ALERT

Sidewalk Vending

On October 27, the City Council is considering a proposal to allow sidewalk vending throughout the city.

CCA believes communities should decide if vending makes sense for them. A one-size-fits-all system won't work in a City as diverse as Los Angeles.

Unregulated and unenforceable sidewalk vending will negatively impact brick & mortar businesses and the quality of life for Downtown residents.

City Council Economic Development Committee

Tuesday, October 27
1 p.m.
City Council Chambers, City Hall
200 N. Spring Street, 3rd Floor

Two years after this idea was first introduced, we still need details about how a sidewalk vending program would operate and be enforced.

Tell the City what you think about sidewalk vending and ask for details about regulation and enforcement.
